

# SPILL KITS

## WHY CHOOSE SPILL CREW?

### ABOUT OUR SPILL KITS

Spill Crew spill kits contain a range of absorbents and accessories that allow operators to quickly control, contain and clean up spills.

Our range of spill kits have been designed to deal effectively and rapidly with a spill, no matter what the type of liquid and surface. Spill kits are supplied in a range of standard containers from wheelie bins to carry bags and include a variety of absorbents designed, manufactured and colour-coded for a specific task.

Spill Crew uses Australian Made raw polypropylene in its absorbent pads, booms, rolls and pillows, so you can be guaranteed that by buying Spill Crew, you are helping Australians and the Australian manufacturing industry.

### COLOUR-CODED FOR QUICK IDENTIFICATION IN AN EMERGENCY

Spill Crew spill kits are colour-coded to quickly identify the type of spill they are designed to absorb.

**General Purpose - blue**  
Ideal for all liquid spills such as oil, fuel, coolant, degreasers or mild chemicals

**Oil and Fuel - yellow**  
Water-repelling absorbents to soak up oil & fuel (hydrocarbons) only

**Hazchem - red**  
Designed to safely absorb chemicals, aggressive acids or unknown liquids

## GENERAL PURPOSE SPILL KITS

General Purpose spill kits are ideal for containing and absorbing oil, fuel, coolants, degreasers, paint, weak acids or any water-based liquids. These “all liquid” spill kits are a cost-effective solution that provides control and clean up for most applications in today’s modern workplace.

### WAREHOUSE RANGE - GENERAL PURPOSE

#### General purpose wheelie bin spill kit

Absorbent capacity: 100 litres

Code: **SCKW100B** | Refill code: **SCKW100BR**

Shipping dimensions: 550mm x 500mm x 900mm

- Wheelie bin spill kit for day-to-day spills on site
- Contains colour-coded grey all liquid absorbents
- Includes Floorsorb all-liquid floorsweep for a cleaner finish (ideal for sealed, indoor surfaces)
- Supplied in weatherproof 120L wheelie bin
- Use for spills up to 100L

#### General purpose wheelie bin spill kit

Absorbent capacity: 115 litres

Code: **SCKW115B** | Refill code: **SCKW115BR**

Shipping dimensions: 550mm x 500mm x 900mm

- Wheelie bin spill kit for day-to-day spills on site
- Contains colour-coded grey all liquid absorbents
- Includes Budgetsorb all-liquid floorsweep for extra clean up capacity
- Supplied in weatherproof 120L wheelie bin
- Use for spills up to 115L

#### General purpose wheelie bin spill kit

Absorbent capacity: 130 litres

Code: **SCKW130B** | Refill code: **SCKW130BR**

Shipping dimensions: 550mm x 500mm x 900mm

- Wheelie bin spill kit for day-to-day spills on site
- Contains colour-coded grey all liquid absorbents
- Includes Budgetsorb all-liquid floorsweep for extra clean up capacity
- Supplied in weatherproof 120L wheelie bin
- Use for spills up to 130L

#### General purpose wheelie bin spill kit

Absorbent capacity: 187 litres

Code: **SCKW187B** | Refill code: **SCKW187BR**

Shipping dimensions: 740mm x 600mm x 1050mm

- Wheelie bin spill kit for day-to-day spills on site
- Contains colour-coded grey all liquid absorbents
- Includes Floorsorb all-liquid floorsweep for a cleaner finish (ideal for sealed, indoor surfaces)
- Supplied in weatherproof 240L wheelie bin
- Use for spills up to 187L

#### General purpose wheelie bin spill kit

Absorbent capacity: 202 litres

Code: **SCKW202B** | Refill code: **SCKW202BR**

Shipping dimensions: 740mm x 600mm x 1050mm

- Wheelie bin spill kit for day-to-day spills on site
- Contains colour-coded grey all liquid absorbents
- Includes Budgetsorb all-liquid floorsweep for extra clean up capacity
- Supplied in weatherproof 240L wheelie bin
- Use for spills up to 202L

#### General purpose wheelie bin spill kit

Absorbent capacity: 247 litres

Code: **SCKW247B** | Refill code: **SCKW247R**

Shipping dimensions: 740mm x 600mm x 1050mm

- Wheelie bin spill kit for day-to-day spills on site
- Contains colour-coded grey all liquid absorbents
- Includes Budgetsorb all-liquid floorsweep for extra clean up capacity
- Supplied in weatherproof 240L wheelie bin
- Use for spills up to 247L

#### General purpose commercial bin spill kit

Absorbent capacity: 800 litres

Code: **SKGP660** | Refill code: **SKGP660R**

Shipping dimensions: 1260mm x 780mm x 1300mm

- High capacity spill kit for areas where large volumes of chemicals and liquids are stored or handled
- Includes grey general purpose absorbent pads, booms and rolls
- Includes Floorsorb floorsweep for a clean finish on sealed or indoor surfaces and zeolite mineral sponge for use on unsealed surfaces
- Supplied in weatherproof 660L four-wheeled commercial bin
- Large capacity - can accommodate spills up to 800L

## VEHICLE AND TRANSPORT RANGE - GENERAL PURPOSE

Vehicle and Transport spill kits are portable, weather-proof bag kits that are ideal for cars, trucks or smaller workplaces. Our unique canoe bags have been specially designed to open quickly in the event of a spill emergency, yet feature a velcro seal, roll-down top and snap-lock clips to prevent any dust or water ingress.

### 1. SEAL

### 2. ROLL

### 3. CLIP

#### Vehicle and transport general purpose spill kit

Absorbent capacity: 40 litres

Code: **SCKVT40B** | Refill code: **SCKVT40BR**

Shipping dimensions: 250mm x 500mm x 220mm

- Designed for small trucks, utes and vans
- Contains colour-coded grey all liquid absorbents
- Clean, non-allergenic, non-hazardous absorbents, lightweight and easy to use
- Supplied in handy blue grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for spills up to 40L

#### Vehicle and transport general purpose spill kit

Absorbent capacity: 60 litres

Code: **SCKVT58B** | Refill code: **SCKVT58BR**

Shipping dimensions: 300mm x 500mm x 450mm

- Designed for small trucks, utes and vans
- Contains colour-coded grey all liquid absorbents
- Clean, non-allergenic, non-hazardous absorbents, lightweight and easy to use
- Supplied in handy blue grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for spills up to 58L

#### Vehicle and transport general purpose spill kit

Absorbent capacity: 87 litres

Code: **SCKVT87B** | Refill code: **SCKVT87BR**

Shipping dimensions: 300mm x 500mm x 450mm

- Designed for small trucks, utes and vans
- Contains colour-coded grey all liquid absorbents
- Clean, non-allergenic, non-hazardous absorbents, lightweight and easy to use
- Supplied in handy blue grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for spills up to 87L

## ECONOMY RANGE - GENERAL PURPOSE

#### Economy general purpose bag spill kit

Absorbent capacity: 40 litres | Code: **SCKVT40BCS**

Shipping dimensions: 220mm x 450mm x 500mm

- Designed for small trucks, utes and vans
- Contains colour-coded grey all liquid absorbents
- Clean, non-allergenic, non-hazardous absorbents, lightweight and easy to use
- Includes Budgetsorb all-liquid floorsweep for extra clean up capacity
- Supplied in handy canvacon grab bag
- Use for spills up to 40L

#### Economy general purpose bag spill kit

Absorbent capacity: 80 litres | Code: **SCKVT80BCS**

Shipping dimensions: 220mm x 700mm x 750mm

- Designed for small trucks, utes and vans
- Contains colour-coded grey all liquid absorbents
- Clean, non-allergenic, non-hazardous absorbents, lightweight and easy to use
- Includes Budgetsorb all-liquid floorsweep for extra clean up capacity
- Supplied in handy canvacon grab bag
- Use for spills up to 80L

# OIL AND FUEL SPILL KITS

components

## OIL AND FUEL SPILL KITS

The absorbents contained in these spill kits are ideal for oil or fuel spills on sealed surfaces in workshops, warehouses or indoor areas. These spill kits are also suitable for use in and around wet areas as they repel water and only absorb oil, fuel and other hydrocarbons.

### WAREHOUSE RANGE - OIL AND FUEL

#### Oil and fuel wheelie bin spill kit

Absorbent capacity: **175 litres**

Code: **SCKW175Y** | Refill code: **SCKW175YR**

Shipping dimensions: **550mm x 500mm x 900mm**

- Wheelie bin spill kit for everyday oil and fuel spills
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Floorsorb floorsweep for a cleaner finish (use on sealed, indoor surfaces)
- Supplied in weatherproof 120L wheelie bin
- Use for indoor spills up to 175L

#### Oil and fuel wheelie bin spill kit

Absorbent capacity: **260 litres**

Code: **SCKW260Y** | Refill code: **SCKW260YR**

Shipping dimensions: **740mm x 600mm x 1050mm**

- Wheelie bin spill kit for everyday oil and fuel spills
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent for extra clean up capacity on unsealed surfaces
- Supplied in weatherproof 240L wheelie bin
- Use for outdoor spills up to 260L

#### Oil and fuel wheelie bin spill kit

Absorbent capacity: **318 litres**

Code: **SCKW318Y** | Refill code: **SCKW318YR**

Shipping dimensions: **740mm x 600mm x 1050mm**

- Wheelie bin spill kit for everyday oil and fuel spills
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Floorsorb floorsweep for a cleaner finish (use on sealed, indoor surfaces)
- Supplied in weatherproof 240L wheelie bin
- Use for indoor spills up to 318L

### VEHICLE AND TRANSPORT RANGE - OIL AND FUEL

Vehicle and Transport spill kits are portable, weather-proof bag kits that are ideal for cars, trucks or smaller workplaces. Our unique canoe bags have been specially designed to open quickly in the event of a spill emergency, yet feature a velcro seal, roll-down top and snap-lock clips to prevent any dust or water ingress.

#### Vehicle and transport oil and fuel spill kit

Absorbent capacity: **21 litres**

Code: **SCKVT21Y** | Refill code: **SCKVT21YR**

Shipping dimensions: **250mm x 500mm x 220mm**

- Designed for spills on unsealed surfaces
- Ideal for small trucks, utes and vans
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent
- Supplied in handy yellow grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for outdoor spills up to 21L

#### Vehicle and transport oil and fuel spill kit

Absorbent capacity: **32 litres**

Code: **SCKVT32Y** | Refill code: **SCKVT32YR**

Shipping dimensions: **250mm x 500mm x 220mm**

- Designed for spills on unsealed surfaces
- Ideal for small trucks, utes and vans
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent
- Supplied in handy yellow grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for outdoor spills up to 32L

## VEHICLE AND TRANSPORT RANGE - OIL AND FUEL

### Vehicle and transport oil and fuel spill kit

Absorbent capacity: **53 litres**

Code: **SCKVT53Y** | Refill code: **SCKVT53YR**

Shipping dimensions: **250mm x 500mm x 270mm**

- Designed for spills on unsealed surfaces
- Ideal for small trucks, utes and vans
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent
- Supplied in handy yellow grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for outdoor spills up to 53L

### Vehicle and transport oil and fuel spill kit

Absorbent capacity: **75 litres**

Code: **SCKVTB75Y** | Refill code: **SCKVTB75YR**

Shipping dimensions: **400mm x 400mm x 620mm**

- Designed for spills on unsealed surfaces
- Ideal for small trucks, utes and vans
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent
- Supplied in heavy duty waterproof black barrel with screw top lid
- Use for outdoor spills up to 75L

### Vehicle and transport oil and fuel spill kit

Absorbent capacity: **95 litres**

Code: **SCKVT95Y** | Refill code: **SCKVT95YR**

Shipping dimensions: **310mm x 500mm x 450mm**

- Designed for spills on unsealed surfaces
- Ideal for small trucks, utes and vans
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent
- Supplied in handy yellow grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for outdoor spills up to 95L

### Vehicle and transport oil and fuel spill kit

Absorbent capacity: **122 litres**

Code: **SCKVT122Y** | Refill code: **SCKVT122YR**

Shipping dimensions: **300mm x 500mm x 450mm**

- Designed for spills on unsealed surfaces
- Ideal for small trucks, utes and vans
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent
- Supplied in handy yellow grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for outdoor spills up to 122L

## MINING & CONSTRUCTION RANGE - OIL AND FUEL

Mining & Construction spill kits are designed for spill scenarios that are typically found both outdoors and indoors within mining and construction environments. The absorbents contained in these spill kits are ideal for oil or fuel spills on sealed surfaces or unsealed surfaces such as compacted earth, gravel or loose soils. These spill kits are also suitable for use in and around wet areas as they repel water and only absorb oil, fuel and other hydrocarbons.

### Mining & construction oil & fuel spill kit

Absorbent capacity: **135 litres**

Code: **SCKMC135Y** | Refill code: **SCKMC135YR**

Shipping dimensions: **550mm x 500mm x 900mm**

- Wheelie bin kit for everyday spills in mining and construction environments
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent for extra clean up capacity on unsealed surfaces
- Supplied in weatherproof 120L wheelie bin
- Use for outdoor spills up to 135L

### Mining & construction oil & fuel spill kit

Absorbent capacity: **235 litres**

Code: **SCKMC235Y** | Refill code: **SCKMC235YR**

Shipping dimensions: **740mm x 600mm x 1050mm**

- Wheelie bin kit for everyday spills in mining and construction environments
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent for extra clean up capacity on unsealed surfaces
- Supplied in weatherproof 240L wheelie bin
- Use for outdoor spills up to 235L

### Mining & construction oil & fuel spill kit

Absorbent capacity: **330 litres**

Code: **SCKMC330Y** | Refill code: **SCKMC330YR**

Shipping dimensions: **740mm x 600mm x 1050mm**

- Wheelie bin kit for everyday spills in mining and construction environments
- Contains colour-coded white hydrophobic oil and fuel poly absorbents
- Includes Global Peat granular absorbent for extra clean up capacity on unsealed surfaces
- Supplied in weatherproof 240L wheelie bin
- Use for outdoor spills up to 330L

### Mining & construction oil & fuel spill kit

Absorbent capacity: **770 litres**

Code: **SCKMC770Y** | Refill code: **SCKMC770YR**

Shipping dimensions: **1260mm x 780mm x 1300mm**

- High capacity spill kit - locate where large volumes of hydrocarbons are stored or handled
- Includes white oil and fuel absorbent pads, booms, pillows and rolls
- Includes Global Peat granular absorbent
- Supplied in weatherproof 660L bin
- Extra large capacity for spills up to 770L

## MARINE RANGE - OIL AND FUEL

Our Marine spill kits are designed for the control and clean up of oil and fuel spills in and around a marine environment. The kits are ideal for marine vessels, yacht clubs, marinas and ports. The absorbents contained within these kits absorb oil and fuel from the water's surface and are well suited for use on containment ponds, dams, bays and in harbours.

### Marine oil & fuel bag spill kit

Absorbent capacity: **47 litres**

Code: **SCKM47Y** | Refill code: **SCKM47YR**

Shipping dimensions: **250mm x 500mm x 270mm**

- Economical spill kit for oil and fuel spills on waterways or in wet areas
- Contains colour-coded white oil and fuel poly absorbents
- Oil and fuel absorbents are hydrophobic, therefore will repel water
- Supplied in handy yellow grab bag
- Use for outdoor spills up to 47L

### Marine oil & fuel spill kit

Absorbent capacity: **75 litres**

Code: **SCKM75Y** | Refill code: **SCKM75YR**

Shipping dimensions: **420mm x 420mm x 710mm**

- Economical spill kit for oil and fuel spills on waterways or in wet areas
- Contains colour-coded white oil and fuel poly absorbents
- Oil and fuel absorbents are hydrophobic, therefore will repel water
- Supplied in weatherproof wall mountable bin
- Use for hydrocarbon spills up to 75L

### Marine oil & fuel spill kit

Absorbent capacity: **211 litres**

Code: **SCKM211Y** | Refill code: **SCKM211YR**

Shipping dimensions: **700mm x 600mm x 1050mm**

- Economical spill kit for oil and fuel spills on waterways or in wet areas
- Includes oil and fuel absorbent pads and marine booms
- Oil and fuel absorbents are hydrophobic, therefore will repel water
- Supplied in weatherproof 240L wheelie bin
- Use for hydrocarbon spills up to 211L

### Marine commercial bin oil & fuel spill kit

Absorbent capacity: **793 litres** | Code: **SKM660** | Refill code: **SKM660R**

Shipping dimensions: **1260mm x 780mm x 1300mm**

- Jumbo spill kit for large spills of oil, fuel, diesel, petrol, and other hydrocarbons on or around water
- Ideal for harbours, ports, marinas and other waterways
- Includes variety of oil and fuel absorbents - pads, rolls, bilge socks, marine booms, poly mops and sweeps
- Oil and fuel absorbents are hydrophobic, therefore will repel water
- Supplied in weatherproof 660L commercial bin with PPE and clean up items
- Use for hydrocarbon spills up to 793L in or around waterways

## ECONOMY RANGE - OIL AND FUEL

### Economy oil and fuel bag spill kit

Absorbent capacity: **40 litres** | Code: **SCKVT40YCS**

Shipping dimensions: **220mm x 450mm x 500mm**

- Designed for small trucks, utes and vans
- Contains colour-coded white hydrocarbon absorbents which repel water
- Clean, non-allergenic, non-hazardous absorbents, lightweight and easy to use
- Includes Global Peat granular absorbent for extra clean up capacity on unsealed surfaces
- Supplied in handy canvacon grab bag
- Use for spills up to 40L

### Economy oil and fuel bag spill kit

Absorbent capacity: **80 litres** | Code: **SCKVT80YCS**

Shipping dimensions: **220mm x 700mm x 750mm**

- Designed for small trucks, utes and vans
- Contains colour-coded white hydrocarbon absorbents which repel water
- Clean, non-allergenic, non-hazardous absorbents, lightweight and easy to use
- Includes Global Peat granular absorbent for extra clean up capacity on unsealed surfaces
- Supplied in handy canvacon grab bag
- Use for spills up to 80L

## HAZCHEM / CHEMICAL SPILL KITS

These hazchem spill kits are designed for situations that involve strong chemicals or if you are managing spills of an unknown liquid. This range of spill kits is suitable for corrosive, caustic, paint, solvents, oils, fuel, coolants, degreaser, herbicides, pesticides and are ideal for use in factories, hospitals, laundries and laboratories.

### WAREHOUSE RANGE - HAZCHEM

#### Hazchem wheelie bin spill kit

Absorbent capacity: **78 litres**

Code: **SCKW78R** | Refill code: **SCKW78RR**

Shipping dimensions: **550mm x 500mm x 900mm**

- Wheelie bin spill kit for aggressive liquid spills
- Inert and dust-free pink poly absorbents - do not degrade or chemically react with absorbed liquids
- Includes Multisorb vermiculite floorsweep to safely absorb most liquids - non-allergenic, non-hazardous, no dust
- Supplied in weatherproof 120L wheelie bin
- Use for spills up to 78L

#### Hazchem wheelie bin spill kit

Absorbent capacity: **150 litres**

Code: **SCKW150R** | Refill code: **SCKW150RR**

Shipping dimensions: **740mm x 600mm x 1050mm**

- Wheelie bin spill kit for aggressive liquid spills
- Inert and dust-free pink poly absorbents - do not degrade or chemically react with absorbed liquids
- Includes Multisorb vermiculite floorsweep to safely absorb most liquids - non-allergenic, non-hazardous, no dust
- Supplied in weatherproof 240L wheelie bin
- Use for spills up to 150L

#### Battery acid pail spill kit

Absorbent capacity: **6 litres** | Code: **SCKWBA6R**

Shipping dimensions: **300mm x 300mm x 410mm**

- Spill kit for small irregular battery acid spills
- Includes acid neutralising agent to solidify and neutralise spills
- Hazchem absorbents, clean up tools and PPE included
- Supplied in snap-lid bucket
- Use for battery acid spills up to 6L

#### Battery acid wheelie bin spill kit

Absorbent capacity: **82 litres** | Code: **SCKWBA82R**

Shipping dimensions: **550mm x 500mm x 900mm**

- Large kit for regular battery acid spills
- Includes acid neutralising agent to solidify and neutralise spills
- Hazchem absorbents, clean up tools and PPE included
- Supplied in weatherproof 120L wheelie bin
- Use for battery acid spills up to 82L

### LAB AND HEALTHCARE - HAZCHEM

Our hazchem spill kits from the Lab and Healthcare range are designed for minor spills of virtually any liquid in a laboratory or healthcare environment. Use these kits for most industrial chemicals (both corrosive and caustic), paint, solvents, oils, coolants, degreaser, body fluids and cytotoxic drugs.

#### Lab & Healthcare barrel spill kit

Absorbent capacity: **14 litres** | Code: **SCKLH14R**

Shipping dimensions: **250mm x 250mm x 280mm**

- Small chemical kit for spills such as acids, bases and other hazardous chemicals
- Inert and dust-free pink poly absorbents - do not degrade or chemically react with absorbed liquids
- Supplied in small heavy duty pail - resealable, waterproof and dustproof
- Use for small spills up to 14L

#### Lab & Healthcare barrel spill kit

Absorbent capacity: **42 litres** | Code: **SCKLH42R**

Shipping dimensions: **300mm x 300mm x 410mm**

- Small chemical kit for spills such as acids, bases and other hazardous chemicals
- Inert and dust-free pink poly absorbents - do not degrade or chemically react with absorbed liquids
- Supplied in small heavy duty pail - resealable, waterproof and dustproof
- Use for small spills up to 42L

## LAB AND HEALTHCARE - HAZCHEM

### Lab & Healthcare hazchem bag spill kit

Absorbent capacity: **62 litres**

Code: **SCKLH62R** | Refill code: **SCKLH62RR**

Shipping dimensions: **250mm x 500mm x 270mm**

- Chemical kit for aggressive spills such as acids, bases and other hazardous chemicals
- Inert and dust-free pink poly absorbents - do not degrade or chemically react with absorbed liquids
- Supplied in handy red grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for spills up to 62L

### Lab & Healthcare hazchem bag spill kit

Absorbent capacity: **131 litres**

Code: **SCKLH131R** | Refill code: **SCKLH131RR**

Shipping dimensions: **300mm x 500mm x 450mm**

- Larger chemical kit for aggressive spills such as acids, bases and hazardous chemicals
- Inert and dust-free pink poly absorbents - do not degrade or chemically react with absorbed liquids
- Supplied in handy red grab bag - heavy-duty, resealable, waterproof and dustproof
- Use for spills up to 131L

### Lab & Healthcare hazchem spill kit

Absorbent capacity: **185 litres**

Code: **SCKLH185R** | Refill code: **SCKLH185RR**

Shipping dimensions: **550mm x 500mm x 900mm**

- High performance chemical kit for aggressive liquid spills such as acids, bases and other hazardous chemicals
- Inert and dust-free pink poly absorbents - do not degrade or chemically react with absorbed liquids
- Includes highly absorbent poly particulate for additional spill clean up
- Supplied in weatherproof 120L wheelie bin
- Use for spills up to 185L

### Lab & Healthcare hazchem spill kit

Absorbent capacity: **375 litres**

Code: **SCKLH375R** | Refill code: **SCKLH375RR**

Shipping dimensions: **740mm x 600mm x 1050mm**

- High performance chemical kit for aggressive liquid spills such as acids, bases and other hazardous chemicals
- Inert and dust-free pink poly absorbents - do not degrade or chemically react with absorbed liquids
- Includes highly absorbent poly particulate for additional spill clean up
- Supplied in weatherproof 240L wheelie bin
- Use for spills up to 375L

### Lab & Healthcare biohazard spill kit

Absorbent capacity: **2 litres** | Code: **SCKLHBH2R**

Shipping dimensions: **190mm x 80mm x 260mm**

- One-time use biohazard spill kit for body fluid spills or unknown small spills
- Supplied in zip-lock pouch with safety PPE
- Use for spills up to 2L

### Lab & Healthcare biohazard spill kit

Absorbent capacity: **20 litres** | Code: **SCKLHBH20R**

Shipping dimensions: **300mm x 300mm x 410mm**

- Biohazard spill kit for body fluid spills or unknown liquid spills
- Supplied in snap-lid bucket with safety PPE
- Use for spills up to 20L

## ECONOMY RANGE - HAZCHEM

### Economy hazchem bag spill kit

Absorbent capacity: **40 litres** | Code: **SCKVT40HZCS**
