

COVS - Spill Pallet Soft Covers

APPLICATION

Spill Crew soft yellow canvacon spill pallet covers are designed to protect drums and IBCs from environmental damage and prevent rainwater or other debris contaminating the bund's sump. Covers reduce the impact of direct sunlight and UV degradation on drums and IBC's.

FEATURES

- High UV-resistant, polyethylene coated fabric
- UV-stable with high abrasion and tear resistance
- Webbed edges
- Cover includes reinforced eyelets and tie down ropes
- Made in Australia

Bund cover	Use with:	Cover Material	Zipper Doors	Viewing Windows	Dimensions (cm)
COVS-DB1GS	Spill Crew poly 4 drum bund (DB1GS)	UV-stable canvacon (woven polyethylene-based polyfabric) Includes elastic seal around base	N/A	N/A	90 x 90 x 90
COVS-DB2G	Spill Crew poly 4 drum bund (DB2G)	UV-stable canvacon (woven polyethylene-based polyfabric)	N/A	N/A	130 x 65 x 120.
COVS-DB3G	Spill Crew poly 4 drum bund (DB3G)	UV-stable canvacon (woven polyethylene-based polyfabric)	N/A	N/A	180 x 70 x 120
COVS-DB4G	Spill Crew poly 4 drum bund (DB4G)	UV-stable canvacon (woven polyethylene-based polyfabric)	1	N/A	130 x 130 x 120
COVS-DB4GIL	Spill Crew poly 4 drum inline bund (DB4GIL)	UV-stable canvacon (woven polyethylene-based polyfabric)	N/A	N/A	260 x 63 x 120
